

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

LISTING OF CLAIMS

1. (Currently Amended) A package for a wiper blade of a vehicle, the package comprising:

an upper case ~~formed of~~ including an upper section, and a lower section and ~~provided with~~ an upper lip extending around the upper section and the lower section; and

a lower case ~~provided with~~ including a lower lip and a receiving space configured to receive a wiper blade, wherein:

the upper and lower sections of the upper case are connected with each other by a hinge;

a portion of the upper lip ~~provided on~~ extending around the lower section of the upper case and a first portion of the lower lip of the lower case ~~corresponding to the upper lip~~ are configured to be clamped to each other continuously around the lower section;

a second portion of the lower lip of the lower case ~~corresponding to the upper lip of the upper section~~ is provided with a first clamped clamping groove; and

a portion of the upper lip ~~of~~ extending around the upper section of the upper case is provided with a first clamping projection ~~which can~~ configured to be fitted into the first clamped clamping groove.

P24633.A03

2. (Currently Amended) The package as claimed in claim 1, wherein the lower case is ~~provided with a~~ receiving space of the lower case includes , ~~a bottom of which is~~ provided with at least one specification holding nose ~~for holding~~ that holds a specification of the wiper blade.

3. (Currently Amended) The package as claimed in claim 1, wherein the upper case is provided with at least one mark ~~for indicating~~ that indicates a size.

4. (Currently Amended) The package as claimed in claim 1, wherein the portion of the upper lip ~~provided on~~ extending around the lower section of the upper case is provided with a second clamping projection ~~which can~~ configured to be fitted into a second clamped clamping groove provided on ~~a front surface of~~ the portion of the upper lip extending around the upper section of the upper case.

5. (Currently Amended) The package as claimed in claim 2, wherein the upper case is provided with at least one mark ~~for indicating~~ that indicates a size.

6. (Currently Amended) The package as claimed in claim 2, wherein the portion of the upper lip ~~provided on~~ extending around the lower section of the upper case is provided with a second clamping projection ~~which can~~ configured to be fitted into a second clamped clamping groove provided on ~~a front surface of~~ the portion of the upper lip extending

P24633.A03

around the upper section of the upper case.

7. (New) The package as claimed in claim 1, wherein the receiving space of the lower case contains a wiper blade.

8. (New) The package as claimed in claim 2, wherein the receiving space of the lower case contains a wiper blade.

9. (New) The package as claimed in claim 4, wherein the upper case is configured such that the second clamping projection is fitted into the second clamping groove when the upper section is rotated around the hinge so that the upper section overlies and is adjacent to the lower section.

10. (New) The package as claimed in claim 6, wherein the upper case is configured such that the second clamping projection is fitted into the second clamping groove when the upper section is rotated around the hinge so that the upper section overlies and is adjacent to the lower section.

11. (New) The package as claimed in claim 4, wherein the first clamping projection and the second clamping groove are provided on opposite surfaces of the portion of the upper lip extending around the upper section of the upper case.

P24633.A03

12. (New) The package as claimed in claim 6, wherein the first clamping projection and the second clamping groove are provided on opposite surfaces of the portion of the upper lip extending around the upper section of the upper case.
